

Call for Contributions

A list will be created on the BHPC website showcasing the work of BHPC inspired publications and related achievements (e.g., funding/grants for research projects, awards, exhibitions, conference presentations, seminar/lectures, interviews, etc.). All **BHPC alumni and students** are encouraged to contribute if there is something you would like to share with the community **that directly arose from your coursework in the BHPC program.**

Please email your contributions to bookhistory@masseycollege.ca, and include the following:

- Full name (and link to personal website if desired)
- Graduation year and degree received (if current student, expected graduation year and degree in progress)
- Bibliographical information of publication/related achievement (e.g., title, year, publisher, funder name, conference name, etc.)
- Brief explanation (150 words) of how the work stemmed from your BHPC coursework (e.g., which BKS course and the connection)
- Link to work (if available)

Contributions will be accepted on a rolling basis.
